

A Free Program for Parents and Children to Participate Together

The CAPC Program offers a welcoming space for parents and their children to connect, learn, and grow together. Parents are invited to expand their social support networks, share experiences, and access valuable community resources.

During each session, parents take part in guided group discussions on topics such as parenting strategies, child development, family relationships, and personal growth. At the same time, children enjoy engaging in interactive play in a safe, nurturing, and fun environment.

Join us for meaningful conversations, shared learning, and quality time for both parents and children.
